# AVA
## Autonomous Verified Access

**ROBOTIC** ASSISTANCE DEVICES

**TITAN SECURITY** TECHNOLOGIES

Meet AVA! This mountable unit seamlessly integrates with all other RAD devices and provides an edge-to-edge 180° field of vision. As easy to install and scale as all RAD hardware, AVA deploys RAD's innovative artificial intelligence-based technologies to enhance an organization's situational awareness, communication, and control. AVA takes full advantage of the RAD Software Suite aimed at providing a comprehensive access control package that is ideal for corporate campuses, parking structures, exterior areas, and lobbies and buildings; anywhere that increased visibility is needed at a fraction of the cost.

- Human detection and autonomous response
- Vehicle detection and autonomous response
