

WALLY

A wall mounted version
of the popular SCOT device

Meet Wally! This wall mounted unit seamlessly integrates with all other RAD devices and provides edge-to-edge 180° field of vision. As easy to install and scale as other RAD hardware, Wally deploys RAD's innovative artificial intelligence-based technologies to enhance an organization's situational awareness, communication, and control. Wally takes full advantage of the RAD Software Suite and includes all of the features of RAD's SCOT tower in a smaller package that's ideal for corporate campuses, parking structures, exterior areas, and lobbies and buildings; anywhere that increased visibility is needed at a fraction of the cost.

- Cellular and WiFi connectivity
- 2 cameras providing a full 180° field of view
- Over-the-air software updates
- Customizable informational display that can feature text, images, and video
- High visibility RGB LEDs
